

Chicken Farmers of Ontario
Regulation
No. 2292-2010

Amending Regulation No. 2070-2005

Effective: February 18, 2010

Made under: The Farm Products Marketing Act

Chicken Farmers of Ontario Regulation No. 2070-2005 is hereby amended:

1. By amending the definitions of “custom processing”, “non-registered floor area”, “primary supply”, “processor” and “self-marketing kilograms” as follows:

“*custom processing*” means processing of chicken pursuant to an arrangement whereby the person who produced the chicken receives the chicken after processing and retains ownership and title to the chicken;

“*non-registered floor area*” means that portion of a producer’s registered premises, approved for the production of chicken by the Board, which is in excess of 0.65 of a square foot per basic quota unit, where the unit is based on an eight (8) week cycle and a stocking density factor of 31 kg/m² (2.88kg/ft²) (6.35lb/ft²) but does not include floor area in any building in respect of which either Turkey Farmers of Ontario, Egg Farmers of Ontario or the Ontario Broiler Hatching Egg & Chick Commission has fixed and allotted quota;

“*primary supply*” means the minimum number of kilograms that a processor is assured through Form 101 agreements for a crop quota period in accordance with “Schedule D” of Supplemental Quota Policy 171-2005 which include a processor’s market development supply;

“*processor*” means a person who slaughters chicken and is the holder of a Class A licence issued by the Board and is a “licenced Ontario chicken processor” as described in Section 17 of Ontario Regulation 402;

“*self-marketing kilograms*” means kilograms produced and marketed by producers pursuant to Self-Marketing Policy No. 173-2008 or Board exemptions previously granted in accordance with Supplemental Quota Policy No. 171-2005 and found on Schedule E of said policy;

2. By adding the following definitions:

“*custom processor*” means a person who slaughters chicken and is the holder of a Class B licence issued by the Board;

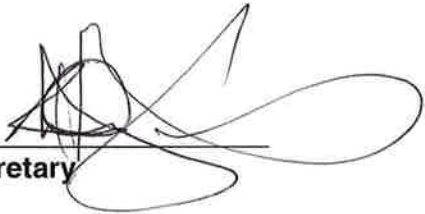

“*planned thinning*” means marketing chicken during a crop quota period on multiple days and in accordance with a schedule completed on the Form 101 for the applicable crop quota period;

"target average weight" means the intended average weight of a shipment of chicken;
