

# Grow Your Career With CFO

Our **mission** is to deliver strategy-driven and entrepreneurial leadership that builds value for the Ontario chicken industry. As an effective, responsive and progressive regulator, CFO is committed to deliver regulatory solutions and services to our stakeholders with effectiveness and accountability. Executing a disciplined business model, one of CFO's primary accountabilities is to deliver the cost-effective and socially responsible production of safe, high quality chicken in Ontario.

Importantly, we recognize that **CFO's mission is only as strong as its people**. Building talent at CFO for today and tomorrow is critical to our future growth and success. CFO is committed to developing your career through planning and training and encourages promotion from within.

## Field Service Opportunities

Field Service staff are responsible for providing excellent customer service by helping farmers to continually improve farm operations, ensuring confidence in the safety and quality of our product and managing our environmental footprint.

As a representative of the CFO, you will lead Food Safety and Animal Care audits, educate farmers in Best Management Practices, new initiatives/programs and assist them in managing their farms within the CFO policies and regulations. Regular on-site inspections to ensure compliance with CFO regulations and policy will be completed for both our quota holding farmers and non-quota holding operators. You will also interface with our poultry processing community to ensure regulatory compliance and assist them in the administration of the marketing system.

Applicants should possess strong interpersonal skills, demonstrated leadership skills, work well in a team based environment, and be proficient in MS office applications. Individuals must be task oriented and have good time management skills. A good driving record and a valid Ontario Driver's License are required.

Preference will be given to those with a University degree preferably in the agriculture and food area, experience working with various provincial and federal statutes, by-laws, policies and regulations within the agricultural sector, or experience in the poultry industry.

Interested applicants should forward their resume and cover letter to Glynis Wright, Director of Human Resources at [recruiting@ontariochicken.ca](mailto:recruiting@ontariochicken.ca) or by fax to 905-637-3464.
